VILLA GUARANTEE'S LIFE AND PROPERTY

COMMUNICATES WITH THE U. S. STATE DEPARTMENT—MAKES PROMISES.

HUERTA TO GO ON DRESDEN

Announced He Will Leave Mexico Aboard German Cruiser Accompanied by Blanquet.

(Associated Press.)
Washington, D. C., July 18.—General Villa has communicated with the state department, and in his communication he guarantees the protection of the lives and property of Americans and other foreigners in the territory under his control.
To demonstrate that the new provisional government of Mexico wishes to restore peace without further bloodshed, President Carranza has ordered the Federal forces to evacuate San Luis Potosi, one of the larger cities of Central Mexico.
Carranza has sent representatives to Celaya to escort to Monterey the commissioners who have been sent from Mexico City with authority to arrange the power of the Constitution.

To Quell Outbreaks.
Monterrey, July 18.—Seven thousand and constitutional troops were today ordered to march toward Mexico City and to be ready to preserve order there in case of an outbreak.
The troops are under the command of Gen. Jesu Carranza, brother of the "First Chief." The constitutionalists claim they will have 30,000 troops in Mexico City by rail within 24 hours.

Puerto, Mexico, July 18.—It was announced today that former President Huerta had decided to depart on the German Cruiser Dresden and that General Blanquet alone would accompany him. However, the announcement was not official, and no official word had been received when the Dresden proceeded to Jamaica. It was stated that neither Mrs. Huerta nor Mrs. Blanquet had seen their husbands up to 7 o'clock this morning, but visits had been arranged to be made before the departure of Huerta and Blanquet.

HAND WASHED BETWEEN RAILS

Frank Karche, a foreigner employed in the steel gang which is laying the new 100-pound rails on the Northwestern line west of this city, had his left hand painfully mashed this morning when he got the member between two of the heavy rails. He was brought to this city and the company surgeon dressed the injury. It is not thought that it will prove serious, although it will keep him from work for some time.

ADDISON GOODMAN SUFFERED PAINFUL GASH IN SKULL IN HIGH DIVE AT ASSEMBLY BEACH

Addison Goodman received a severe cut on the head last evening when he struck bottom when diving from the high dive at the Assembly beach.
Mr. Goodman has a cottage at the park and is in the habit of taking a dip each evening, being a proficient swimmer and diver. Last evening while swimming as usual he assayed a few dives from the 22-foot high dive which stands on one of the docks at Assembly beach. In leaving the high place Mr. Goodman evidently dove with a great spring and struck the water slightly more towards the shore than was his usual habit. He sank swiftly, hitting a sharp rock on the bottom with all the force gathered from a powerful spring at that height, and gashing his head. By extreme good fortune he did not lose consciousness and so was able to get safely to the dock. A physician was hurriedly called and it was found that the cut required seven stitches to close it. Today Mr. Goodman suffers some pain because of the concussion in hitting the bottom.

EIGEMANN FOUGHT EXTRADITION IN IOWA

FORMER DIXON ICE MAN OBJECTS TO COMING BACK FOR TRIAL.

Freeport, July 18.—Sheriff Stewart and Assistant State's Attorney Reinhold are at Des Moines, Iowa, today, appearing before Gov. Clarke in extradition proceedings which have been sought to bring William P. Eigemann, formerly of Dixon, to Freeport on an indictment charging him with obtaining money under false pretenses. Eigemann was indicted by the Stephenson county grand jury Sept. 4, 1912, but he had left the state and returned to his former home in Iowa. Extradition proceedings were brought, which he has successfully resisted thus far.

Eigemann is charged with having defrauded John Rober of Freeport in connection with the property of the Freeport Artificial Ice company, of which Eigemann was manager.

DIXON ASSEMBLY OPENS NEXT WEEK

SATURDAY, JULY 25, LOCAL CHAUTAUQUA WILL BEGIN SESSION.

WEDDERSPOON HERE SUNDAY

Oxford Company Will Give Musical Program First Two Days of Session.

One week from today and the Rock River Assembly will open its 27th annual session, with a splendid attraction each day of the session. Lincoln McConnell will open the assembly Saturday afternoon with a lecture entitled "Dead Lions." Preceding the opening exercises the Oxford company will render a concert, which concert will be exceptionally fine.

Mayor William B. Brinton will deliver the address of welcome, after which Mr. McConnell will lecture. Saturday afternoon the physical culture classes will organize under the instruction of Secretary Elwood T. Bailey of the Y. M. C. A. The physical culture classes for the girls will not be started until Monday, July 27, on which day their director, Miss Gertrude Ione Hill, will be present.

At 7:30 o'clock the Dixon Marine band will play a concert, thus assuring a large attendance in the evening. At 8 o'clock the Oxford company will render a delineation of "Mikado," presenting the full Japanese opera in costume.

Sunday's Program.
The Oxford Company will give a sacred concert Sunday afternoon and Sunday evening. Sunday afternoon, Dr. W. R. Wedderspoon will deliver his great lecture, "Beside the Bonnie Brier Bush." Dr. Wedderspoon was here the first Sunday afternoon one year ago, and thousands listened to his lecture and were highly pleased. This year he gives his best lecture.

PANKHURST AGAIN AT LARGE

(By Associated Press.)
London, July 18.—Mrs. Emmeline Pankhurst, suffrage leader, was again released from the Holloway jail today.

Miss Mary Doyle is visiting in Ambloy.

WM. F. HOGAN IS THE PROBABLE POSTMASTER

REPRESENTATIVE DEVINE SELECTS HIS MAN FOR DIXON POSTOFFICE.

HOGAN NOT A POLITICIAN

It Is Generally Conceded That Recommendation Means Appointment—Settles Long Fight.

I have recommended the appointment of William F. Hogan as Postmaster at Dixon. He is a man of sterling character, is capable to fill the position, and I am satisfied that he will administer the duties of the office in a manner that will be satisfactory to the patrons and reflect credit upon himself.

JOHN P. DEVINE.

The above communication from the democratic representative from Dixon was made public today and marks the close of the battle that has been waged between the candidates for the office for many months.

There were four or five very active candidates for the office and probably a dozen who were working for one or under cover, and the fight was so keen that the officials higher up were not willing to pick any one of the rival candidates, but put it up to Mr. Devine to choose someone outside of the fight.

Mr. Devine's appointment of Hogan was sent in about a week ago, and it is generally conceded that the man he recommends will be appointed, so the announcement of Mr. Hogan may be expected at any time.

Wm. Hogan is head engine-man at the Chicago & Northwestern yards at this city and has been in the employ of the railroad company for about fifteen years. He was born and raised in Dixon and has a large circle of friends who will be greatly pleased if the appointment goes through, which it no doubt will.

Mr. Hogan is about forty years of age. He has been an industrious worker all his life and is a worthy candidate.

Lewis' Attitude.
Senator Lewis' attitude in the appointment of Mr. Hogan is shown by the following excerpt from a letter written to Mayor W. B. Brinton of this city:

"If I had not been so overcome and overwhelmed with so many matters I would have written you letting you know that I had given my approval to the department of Mr. Wm. Hogan, but as the department makes their own examinations no appointment has been made, until they themselves have been satisfied."

ENGINEERS AGREE TO FEDERAL MEDIATION

STRIKE OUTLOOK IS NOW MORE HOPEFUL—UP TO FEDERAL BOARD.

Chicago, July 18.—Engineers and firemen involved in the wage controversy with 98 western railroads yesterday accepted the proffered service of the United States board of mediation and conciliation.

Previously the employees had refused to join the managers in a request for federal mediation, stating that the action would place a moral obligation upon them to accept arbitration as provided for in the Newlands act.

Both Sides Await Mediators.
All negotiations will cease between the employees and managers until the arrival of the federal mediation board on Monday. The members of the board are Chairman Chambers, Federal Judge Martin A. Knapp and Assistant Commissioner G. W. W. Hanger.

While the acceptance of federal mediation does not mean that the men will agree to arbitrate, and while in reality the two parties are as far apart as ever, A. W. Trenchholm, chairman of the western railway managers committee, last night was more hopeful that a strike will be averted than he has been since Tuesday.

Bring your picnic dinner with you. Coffee, sugar and milk will be furnished free to everyone. Those in charge will fill your cups as often as you wish.

CAREFUL DRIVING AVERTED ACCIDENT

COOL-HEADEDNESS OF TRYON ROSBROOK PREVENTED COLLISION FRIDAY NIGHT.

Careful driving of his automobile by Highway Commissioner Tryon Rosbrook was the only thing that averted a serious accident near the J. N. Hutchinson farm between Nachusa and Dixon, at about 9 o'clock Friday evening; for had Mr. Rosbrook lost control of his car for an instant a serious collision with an automobile driven by Mahlon Guthrie of Franklin Grove would have resulted.

The accident took place while Mr. and Mrs. Rosbrook, W. G. Kent and A. T. Toutillott were returning from Paw Paw, where they had gone to attend the funeral of Circuit Clerk W. B. McMahan. As they were driving near the Hutchinson farm they noticed a car approaching, the driver of which appeared to have but imperfect control of his steering apparatus. Consequently Mr. Rosbrook drew out to one side of the road and slowed down, almost coming to a stop.

When the approaching car, which was occupied by Guthrie, Lyle Beck and two young ladies, was directly in front of Mr. Rosbrook's auto, it turned at right angles across the road and the collision was inevitable. But fortunately the slow rate at which the commissioner had been driving his machine averted any serious accident, Guthrie's car sustaining a broken axle, while Mr. Rosbrook's machine escaped with a damaged footboard and a punctured tire.

COUNCIL WILL MEET.

The city council will meet in regular session on Monday morning and if the predictions of the commissioners are fulfilled the fireworks which were promised for a week ago will be exploded then, and in reference to the N. N. U. poles on College avenue.

IMPRESSIVE FUNERAL FOR WM. B. McMAHAN

BEAUTIFUL SERVICE AND GRATIFYING ATTENDANCE MARKED LAST SERVICE FOR CIRCUIT CLERK.

The funeral of Circuit Clerk Wm. B. McMahan in Pawpaw on Friday afternoon was probably the largest and most impressive ever held in that town. The delegation of Elks from Dixon was one of the features of the funeral that showed so plainly in what love and esteem the late Dixon man was held. There were one hundred and twenty-five Elks from Dixon at the funeral, and other friends from over the county brought the number in attendance up to about five or six hundred persons.

Rev. J. E. Miller of Pawpaw had charge of the services and eulogized Mr. McMahan in a fitting manner and the prayer offered by Rev. O. T. Canfield, also of Pawpaw, was very sweet and beautiful indeed. Rev. Canfield and wife sang at the services.

The funeral was held at the home of Mrs. Ben Wheeler, a sister of the late Mrs. Jas. H. Thompson.

The Elks formed a column, two abreast, and nearly a quarter of a mile in length and preceded the hearse to the cemetery, where they held the impressive Elks service for their departed brother.

LOSE PLANT BECAUSE OF FAMINE OF HOUSES

TOWN DEVELOPMENT SHOWS RESULT OF SCARCITY OF DWELLINGS.

The following article taken from "Town Development" is of special interest to every city:

"The recent humiliating experience of the Terre Haute Chamber of Commerce is deserving of the most serious attention of every city that is engaged in the quest for factories—and that means every city. Through no fault of the Terre Haute organization or of its competent secretary, Mr. Clifford, a stove foundry that would have employed 400 men, has been forced to change its determination to locate in Terre Haute, and has betaken itself elsewhere. And why? Because of a limitation in the source of supplies because of inadequate transportation facilities? Not at all. Simply because there were no houses for its workmen."

"The city that tries to move without first providing an ample latitude for expansion is like a man asleep in a narrow coffin. He had better stay asleep; for if he does wake up he can't stretch."

MILWAUKEE OFFICERS ASK FOR VANDEWALL

MAN, HURT HERE, IS NOW SOUGHT BY WISCONSIN OFFICIALS.

LEFT DIXON HURRIEDLY FRIDAY

Told One Party He Was Going to Aurora—Also Gave Milwaukee as Destination.

Despite his protestations that his name was not Walter Nass; that he never had gone under that name, and that he had not deserted his wife soon before she was to become a mother at Freeport, there is every indication that L. Vandewall, the man who was hurt when G. G. McCarty's automobile tipped over west of the city last Tuesday, is the man for whom a warrant was issued in Freeport, note of which was made in the Telegraph Friday evening.

For yesterday the Freeport officials were asked by the Milwaukee, Wis., officers to arrest the man if he could be found. Mrs. Vandewall, or Nass, and her babe, it will be remembered by those who read the story, were taken to Milwaukee as soon as the mother had recovered sufficiently to allow her removal from Freeport; and accordingly with the woman in another state the Stephenson county authorities could not serve the warrant which had been issued in Freeport.

Left Dixon Hurriedly.

It is known that Vandewall, as he is known here, went to Freeport Thursday afternoon, and it is believed while he was there he heard that a warrant was issued for him, and he immediately sought to get out of that city. It is known that he exhibited a pressing desire to get back to Dixon as quickly as possible and accordingly, through the offices of a friend, he prevailed on Contract Agent C. B. Yonts of the Illinois Northern Utilities Co., to bring him back by auto, Mr. Yonts having gone to Freeport in his machine that day.

Vandewall, after arriving in Dixon, went to the Dixon Inn, where he spent the night, and he was seen by newspaper men at the hotel Friday morning. He denied being the man wanted in Freeport, but admitted that his home was in Milwaukee. He left Dixon hurriedly after the news gathered got on his trail yesterday; but his destination is unknown, as he told conflicting stories. To one party he said he was going home to Milwaukee, to others he said he was going to Aurora.

LEE COUNTY'S FIGHT MAY BRING ORDER AFFECTING ALL GRADE R. R. CROSSINGS

(Special to The Telegraph.)
Springfield, Ill., July 18.—The abatement of the railroad grade crossing was put up to the Illinois public utilities commission when State's Attorney Harry Edwards of Dixon filed briefs before the commission asking that body to require the Northwestern railroad to make less dangerous the McRoberts crossing in Lee county, which has been the scene of several serious accidents, resulting in deaths. The attorneys for the Northwestern also filed answer briefs.

The utilities commission is expected to take this case under consideration with several others, and to make a general ruling in regard to the protection of grade crossings.

LEFT IN WAGON RETURN IN AUTO

MR. AND MRS. J. I. HESS OF IDA GROVE, IA., ARE HERE FOR VISIT.

Thirty-five years ago Mr. and Mrs. J. I. Hess left Dixon for the west, and for 16 days they traveled in an immigrant wagon toward the setting sun, finally settling near Ida Grove, Ia. Yesterday Mr. and Mrs. Hess, with their son, Russell, and their daughter and husband, Mr. and Mrs. James Lipton, returned over the same route, the visit being the first the pioneers had made in the 35 years, but the trip this time was in a high power automobile. The party will spend a short time visiting at the home of Mr. and Mrs. Albert Jueltz, 304 W. Chamberlain street, and then will continue their trip eastward, for they plan to visit Chicago, Niagara Falls, New York and other eastern cities.

Miss Mabel Acker of Polo is visiting at the Jerry Wentling home in this city.

MAY SHOOT FOR DIXON'S CUP AUG. 2

SIXTH REGIMENTAL RIFLE SHOOT WILL BE HELD AT CAMP PALMER THEN.

WILL SELECT REGIMENT TEAM

Local Members of Team Anticipate No Trouble in Keeping Their Positions.

The Sixth Regimental shoot will be held at the Camp Palmer range at Galt on August 2. Captain Ben Eick, range officer and ordnance officer of the regiment, has already commenced preparations for the care and subsistence of the men and will have everything in readiness on the morning of Saturday, August 1. Between 75 and 100 men will be encamped on the range during the shoot.

Thirteen Teams Entered.
Thirteen teams have entered the shoot, comprising companies from Sterling, Dixon, Morrison, Oak Park, Freeport, Galena, Galesburg, Monmouth, Rock Island, Moline, Geneseo, Kewanee and the regimental headquarters. There will be 13 men to a team, while the scorers, pit men and other officials and workers about the range will bring the total number of men up to nearly 100.

After Dixon's Cup.
At this shoot it is probable that the regimental cup, which is now in possession of the Dixon team, the local boys having won it at Rock Island last summer, will be the object of competition unless the plans are changed and the cup is shot for at the annual encampment at Springfield. The regimental team will be chosen at Camp Palmer—and the several Dixon marksmen who are members of the team anticipate no trouble in retaining their positions thereon.

RUSSIA TO ALLOW EMIGRATION

(Associated Press.)
St. Petersburg, July 18.—Russia is about to recognize as legitimate the emigration of her surplus millions to countries outside of Europe and the Minister of Commerce has submitted to the cabinet a bill to abolish the penalties attached to unauthorized emigration. The bill refers especially to 280,000 Russians who emigrated to America last year, and it is brought about by the fact that \$50,000,000 was remitted Russia in 1913 by subjects of Russia who settled in America.

MRS. J. E. BURCHELL IN HER LAST SLEEP

MOTHER OF MRS. C. C. RORICH PASSED AWAY IN CHICAGO FRIDAY.

The friends of Mr. and Mrs. C. C. Rorich, 619 Galena avenue, will be sorry to learn of the death from pleura-pneumonia of Mrs. J. E. Burchell, Mrs. Rorich's mother. Death took place at the home of her daughter, Mrs. W. A. Nicholas, 416 W. One Hundred and First Place, Chicago, Friday, July 17. The deceased was an old resident of Chicago, but for the past three years had made her home with Mrs. Rorich in this city. She is survived by three daughters, Mrs. Rorich of Dixon, Mrs. J. D. Shepherd and Mrs. W. A. Nicholas of Chicago. Mrs. Burchell was of an exceptionally happy disposition and many friends here will mourn her passing. The funeral will be held at the home of Mrs. Nicholas in Chicago Sunday afternoon at 2 o'clock, with interment at Oakwood cemetery.

FIGURES ON BEST PLAYERS IN LEAGUE

LEADING HITTERS, PITCHERS AND BASE RUNNERS SHOWN IN AVERAGES.

MATHEWSON IS ON TOP

"Big Six" Maintains Record as Best Pitcher in the National League.

(Associated Press.)

Chicago, July 18.—Beals Becker, Philadelphia, with an average of .340, is leading the batters of the National league, according to figures published here today. Next are Grant, New York, with .337; E. Burns, Philadelphia, .333; Davenport, Boston, .326; Dalton, Brooklyn, .320; Meyers, New York, .317; G. Burns, New York, .316; Byrne, Philadelphia, .308; Daubert, Brooklyn, .308.

Brooklyn with .268 and New York with .267 lead in club batting.

Herzog with 34 leads in stolen bases. Among the pitchers, Mathewson with 15 wins and four defeats; Atchison, Brooklyn with 6 and 2, and Vaughn, Chicago, with 9 and 4, rank highest.

Cobb, Detroit, heads the American leaguers, with .342. Then come Baker, Philadelphia, .340; Jackson, Cleveland, .332; C. Walker, St. Louis, .330; Crawford, Detroit, .318; E. Collins, Philadelphia, .316; A. Williams, Washington, .316; Milan, Washington, .297; Speaker, Boston, .293; McInnis, Philadelphia, .293. Philadelphia leads in club batting with .261 and Detroit and Washington are next with .246 each. Maisel, New York, leads in stolen bases with 31. Leonard, Boston, with 12 victories and 3 defeats; Bender, Philadelphia, with 7 and 2; and Plank, Philadelphia, with 9 and 2, are top-notchers in the pitching departments.

Kauff, Indianapolis, has regained the batting lead in the Federal league with .384 and leads in stolen bases with 37. Next are Evans, Brooklyn, .371; Carr, Indianapolis, .362; Easterly, Kansas City, .348; Crandall, St. Louis, .344; Bradley, Pittsburgh, .335; Walsh, Baltimore, .322; Lennox, Pittsburgh, .329; Zwilling, Chicago, .325; Wickland, Chicago, .323; Murphy, Brooklyn, .323. Indianapolis with .289 and Baltimore with .274 lead the clubs. Pitching honors belong to Kaiserling, Indianapolis, with eight wins and two losses; Ford, Buffalo, with 12 and 4; and Crandall, St. Louis, 19 and 4.

CLOSE RACES IN BIG LEAGUES OF INTEREST

EVEN MINOR ASSOCIATIONS ARE STAGING SOME CLASSY CONTESTS.

(Associated Press.)

New York, July 18.—With the close of the professional baseball season less than two months away, the pennant races in both major and minor leagues are tightening up in a remarkable manner when the scores of the associations are considered as a whole. With a few exceptions here and there, the struggles for first places are far closer than has been the rule for several years. If the claim that this is a poor financial season in baseball is correct it is certain that the charge cannot be laid to one-sided flag races. In the major leagues at least six clubs have pennant chances. Philadelphia, Detroit and Washington are all in the American league race and the first four clubs in the National organization all figure as possible winners. The same situation exists in the Federal and International leagues.

The race in the Class A organizations is also close. The Southern Association pennant struggle is one of the most interesting in years, less than 100 points separating the first six clubs. In the Western league, Denver, St. Joseph, Lincoln and Sioux City are all bunched and as the season does not close until September 27, any of these clubs may prove the flag winner. Among the Class B leagues the average is not so close. New London has a good lead in the Eastern Association; Dayton in the Central league; Wilkes-Barre in the New York State league and Davenport in the Three-I league. In the Texas league, Beaumont, Houston and Waco are all in the race, while Worcester, Portland, Lawrence and Lynn have a pennant chance in the New England league.

CUP CANOE RACES STARTED IN THE EAST

CUP HAS HISTORY DATING FROM 1871 WHICH IS OF INTEREST.

(Associated Press.)

New York, July 18.—The International Challenge Cup canoe races being sailed today in Gravesend Bay, New York, while of much interest to canoeists, have been rather overshadowed this year because of the more famous trophies figuring in the international schedule for 1914. This cup, however, has a history fully as interesting as either the polo, yacht or tennis trophies, although not so widely heralded. It began with the formation of the New York Canoe club in 1871. Some 14 years later the club received an intimation that the champions of England would be glad to enter a contest for sailing canoes. In answer to this suggestion the club offered an International Challenge cup as a perpetual challenge sailing trophy, the conditions of which were drawn in substantial accordance with that established for the American cup for larger yachts.

The first challengers were Messrs. Baden-Powell (brother of the distinguished general of that name) and Walter Stuart of the Royal Canoe Club of London, and the English canoeists were defeated during the season of 1885. Two years later the challenge was repeated without success and since that date the competition has been between American and Canadian canoe racing experts. Beginning in 1890, five attempts have been made by northern canoeists to lift the cup, but in each attempt the challengers have been defeated by the trophy defenders.

The sailing canoes used in these contests are perhaps the most perfect sailing craft in existence, for they have been so developed as to permit of carrying a larger sail spread in proportion to their size than any other craft in existence. The canoes are decked over so as to be water-tight with but a small cockpit left above the water line. Across the deck is rigged a sliding seat twice the width of the canoe, permitting the sailor to reach his entire length beyond the windward side of the canoe, thus forming a counterbalance to the pressure on the sails. In some of the previous contests a sail area of over 180 feet was used, but recently the Canoe Association limited the sail area to 90 square feet. Capsizes are frequent, but the canoes, being un-sinkable, are soon righted and the race continues.

Train Runs Over Him: Alive.

Savanna, Ill., July 18.—Lying asleep between the rails, Earl Moore was aroused by the noise of an approaching train. Not having time to jump he crouched down as close to the ground as he could and two engines and thirty-five cars passed over him, causing him no injury other than a few scratches.

Farmers to Reclaim Land.

Huntley, Ill., July 18.—Farm owners in the vicinity of Huntley have organized a drainage district for the purpose of converting 6,000 acres of now worthless land into producing soil and to drain 18,000 acres in McHenry county. The estimated cost of the project is \$73,000.

Probing Rock River.

Pecatonica, Ill., July 18.—H. F. Ferguson of Urbana an engineer in the employ of the state water survey, has begun making a sanitary survey of the Rock river and its tributaries to determine whether or not the stream is being polluted by sewage.

Roads Object to Taxes.

Pekin, Ill., July 18.—The railroads entering Tazewell county have filed objections to the payment of taxes levied for the purpose of building hard roads in that county, claiming the Tazewell road law does not authorize the levying of such tax.

Grows Cotton in Illinois.

Rock Falls, Ill., July 18.—W. S. Geer of this city has a small "patch" of cotton in his garden which is about two-thirds grown and promises to produce a fair-sized yield. It is the first cotton grown outdoors in northern Illinois.

Child Month Old Appendicitis Victim. La Salle, Ill., July 18.—John Cecchini, aged one month, died of appendicitis. It is the first case in central Illinois where so young an infant has been attacked by the disease.

WEST BROOKLYN NEWS

Visit West Brooklyn on Saturday evening.

John Mehlbrecht of Compton was here Tuesday.

Joseph B. Bauer was in town on business matters Monday afternoon.

Mr. and Mrs. H. A. Bernacini, Mr. and Mrs. Prosper Gander and families and H. W. Gehant and Chris Dingler of Sterling motored to Glen Park Sunday.

Come to the baseball game in West Brooklyn on next Sunday afternoon. The Ohio team will cross bats with the locals and a hot contest can be expected as the locals are determined to get revenge for the defeat suffered at the hands of the Ohio lads some time ago.

Wm. Bittner was in town Monday morning.

Mr. and Mrs. Michael Barr were in town from Compton Monday afternoon.

John E. Busser was in town Tuesday morning. Mr. Busser has recently returned from a trip through Missouri, Kansas, Iowa and several other western states, but still thinks very kindly of the soil of Illinois.

The merry-go-round pulled up its stakes on Monday and departed for other pastures. During their week's stay in West Brooklyn they did a very profitable business and some of those who enjoy that amusement regret to have them leave.

George Brewer of the Berg was in town transacting business Tuesday morning.

Frank Bieschke, clerk in the general store conducted by his brother, started upon his annual vacation on Tuesday. He will visit at Maple Park Chicago and several other points before returning to his work again.

Henry Halboth was in town from South Brooklyn on last Monday forenoon.

G. L. Nelles of Dixon visited with his many friends in West Brooklyn Tuesday.

Mr. and Mrs. David Burkard visited at the J. H. Michel home here Tuesday.

Joseph J. Wisner and family of Ashton motored to this town on last Saturday evening for a visit with their friends.

Perhaps you could not arrange your affairs so as to spend the evening last Saturday in West Brooklyn. By not being here you missed being with the largest crowd that has ever been in the town. Make up your mind to be here on next Saturday evening. Hear the band play and also enjoy the dance.

B. J. Long and George Gehring visited in Franklin Grove on last Monday afternoon and attended the camp meeting.

Mr. and Mrs. F. J. Gallisath were visiting friends in our village on Tuesday afternoon.

Mrs. Minnie Johnson of Amboy is the guest of Mrs. Alice Graf of route 2 this week.

George Halboth was in West Brooklyn on last Tuesday transacting business.

Joseph Favre and Frank Favre of Maytown were the guests of Mr. and Mrs. Andrew Gehant north or town on Sunday.

William F. Bettner of Compton was in town shopping on Tuesday afternoon.

You'll enjoy the ball game in West Brooklyn on next Sunday afternoon. Ohio vs. West Brooklyn, at 2:30 p. m. sharp.

Mr. and Mrs. Henry L. Gehant entertained the Valentine Stell family of Amboy at their home on last Sunday. The children of Mr. and Mrs. Stell were also present, together with their families, the occasion being a family reunion.

Charles Barr was in town transacting business on Monday forenoon.

Mrs. Sarah Henry and family from Steward, August Henry of Steward, Mr. and Mrs. August Gehant of this place, Mr. and Mrs. Louis Gehant and Mr. and Mrs. Joseph Graf motored to Glen Park, Starved Rock, LaSalle, Peru, Utica and surrounding towns on Sunday for a day's outing. Outside of several blowouts the trip was made without a mishap.

Mr. and Mrs. John C. Henkel entertained Mr. and Mrs. F. D. Gehant and family and Mr. and Mrs. Michael Barr and family at their home on last Sunday.

Mrs. Modest Gehant and son Louis visited with Frank Henry of Compton Sunday.

Mr. and Mrs. F. M. Yocum entertained relatives from Amboy on Sunday.

Edwin Johnson left on Tuesday morning on his Indian motorcycle for the west. He will go to Omaha, Neb., where he will visit with his brother Charles and family and then continue on to Cheyenne, Wyoming, and finally stop when he reaches California, where he expects to take up his future occupation in that climate. The motorcycle ride across the country will be quite an experience and we trust that the trip will be made without any serious mishaps being encountered.

Mathew Maier was in town transacting business on Wednesday morning.

The community was saddened on Tuesday to learn of the death of Mrs. Elbua Ford, at one time a resident of West Brooklyn, but during recent years a resident of Lee Center township, where she made her home with her son Frank and family. The many relatives and friends have the sincere sympathy of all in their bereavement.

W. A. Mireley was in town on Tuesday afternoon transacting business.

Henry F. Gehant was a morning passenger for Downers Grove Wednesday.

Charles Clopine and Henry Lipps were visitors in West Brooklyn Monday.

BODY COMES UP IN LAKE TRAGEDY

It Is Believed to Be That of Chicago Engineer.

REVOLVER FOUND IN POCKET

Bloodstained Woman's Handkerchief

Also on Him—Sheriff Franz of St. Joseph, Mich., Gets Letter—Pawn Ticket Found May Lead to Identity of Tragedy Victim.

Chicago, July 18.—O. Johnson is believed by the Chicago police to be the name of the man in the lake rowboat mystery, whose body was washed ashore at Smyth's landing, three and a half miles north of St. Joseph, Mich. Lifesavers searched for the body of the woman victim of the tragedy.

The police, with clues already gathered, hope to establish the identity of the man and the woman who rented the rowboat at St. Joseph Sunday, which was found the next day, bottom side up, with two bullet holes through the bottom.

In the dead man's clothing was found a pawn ticket issued by A. Lipman, pawnbroker at 10 North Dearborn street, and bearing the number 68671. Lipman declared that he issued the ticket to a man answering in every detail the description of the body the lake gave up. The man gave the name of O. Johnson, 4525 Broadway, at the time to the pawnbroker.

At the Broadway address it was said that Mr. Johnson was an engineer for the Chicago sanitary district and that he left June 30 on his vacation, intending to return to Wilmette to be engineer at the pumping station there.

The pawn ticket was one of several clues found upon the body which pointed to Chicago as the place where the key to the mystery-locked death story would be found.

Search for Woman's Body Pushed.

Search for the body of the woman was instituted by Captain William Stevens of the government lifesaving station at St. Joseph. With his crew in a motorboat, Captain Stevens paroled the shore. Every fishnet was pulled up and examined for traces of the body.

In a side pocket of the man's coat were found two handkerchiefs. One, a woman's, was covered with blood stains. The other, a man's, bore the laundry mark "No. 2644."

In another pocket was found a revolver. It is of Iver Johnson make, .32 caliber. It bore the number of 98,424. The chambers were filled with cartridges, giving rise to the theory that the man, after shooting his companion in the boat and scuttling the craft by discharging two bullets through the bottom, reloaded the weapon, intending to shoot himself, but lost his nerve, and chose the easier death—drowning.

The man had made every effort to keep the tragedy forever a mystery. He had torn the maker's label out of his coat, but in his haste had left one corner bearing the word "Chicago," indicating that the garment was made there. He had torn all but the blank pages out of a morocco-covered diary which was found in the inside pocket of his coat.

He had tried to wrench a button, bearing the Masonic emblem, from the lapel of his coat, but it had caught in the cloth and was found on the body. It may aid the police in discovering the identity of the victims of the Sunday tragedy.

Sheriff Franz Gets Letter.

Sheriff Franz of St. Joseph received a letter from a Chicago woman, whose name he would not disclose, in which the writer expressed her belief that the missing girl was a married woman who for some reason had been estranged from her husband. The man had been attempting to induce her to return to him again and, with this intention, according to the writer, she left for St. Joseph one day last week.

Letter heads are now used by all armers with their name printed hereon. The Telegraph will be pleased to show you samples and quote.

YOUNG CAMPERS ARE STUNG BY SPOON BUG

Des Plaines Meetings Are Neglected, Pastor Complains.

Chicago, July 18.—Diminishing attendance at the evening service of young men and women who go walking and hold what was termed "love feasts" was deprecated by Dr. John Thompson, superintendent of the western Chicago district of the Methodist Episcopal church, who spoke at the Des Plaines camp meeting.

"I have no objection to young people holding 'love feasts,'" Dr. Thompson said, "and I think there is no better place than the Des Plaines camp grounds for the young man to find a good girl to make his home happy in the future years, but they should not come here for the 'love feasts' alone, but to get spiritual advice and inspiration."

About thirty young people remained in response to Dr. Thompson's invitation and the "council of war" selected five committees of three members each to make a canvass of the grounds and urge all young men and women to attend the evening services during the remainder of the camp meeting.

Sterling & Sterling, druggists, yesterday received a large consignment of the well known foot powder, Healo.

UNDERWORLD PLOT BACK OF SLAYINGS?

Chicago Policemen's Revolver Duel Reveals Conspiracy.

Chicago, July 18.—"There is no feud between the morals squad men and the regular detectives. The killing of Sergeant Stanley J. Birns and the wounding of three other detectives and citizens last night in the levee district was plotted by the 'levee kings.' The first shot was fired by an under-world habitue, and then the detectives became confused and began shooting."

Major M. L. C. Funkhouser made this statement on the witness stand at the coroner's inquest into the death of Sergeant Birns.

"The rulers of the district have again and again threatened to 'get my men,' Major Funkhouser charged. 'So last night they followed two of my men after a raid and threw bricks at them. The other two detectives ran up in time to see my men draw their guns and the fight was on.'"

"But the police did not do all the shooting. At least five shots were fired by others."

This is the explanation of Major Funkhouser of the killing of a police officer and the wounding of several others in a revolver duel in the south side levee district. Two officers in the morals squad had made a raid on a disorderly house, and were on their way to join Captain Dannenberg, their superior, followed by a hooting crowd. It is charged that a man in the crowd began firing. Two plain clothes men working in the district rushed to the scene, and the two members of the morals squad, mistaking them for vice leaders heading on attack pulled their revolvers, and began firing. One of the plain clothes men, Sergeant Birns, was killed and his partner and both members of the morals squad were wounded.

NO MILITANTS ARE IN RANKS

Assurances Given for Woman Suffrage in England.

London, July 18.—Practical assurance that the enfranchisement of women in Great Britain is at hand was given by Francis Dyke Acland, parliamentary undersecretary for foreign affairs, to a large deputation of international suffragists who, led by Mrs. Carrie Chapman Catt, the American president of the International Woman Suffrage alliance, visited the house of commons. Acland said that the next government, whatever it might be, "would be obliged to deal with the woman suffrage question as a party measure in some shape or form."

It was noted that the deputation to which these encouraging remarks were made did not number in its ranks any militant suffragettes.

CERTIFIED CHECKS

If a man wants to pay you for some goods with his personal check and you are not sure that he has the money in the bank it is a pretty good plan to ask him to have it "certified." This means that he takes it to the bank and the bank marks it "certified" and an officer of the bank signs it. This at once makes it an obligation to the bank and you can accept it the same as cash.

MRS. MCGILL BROKE DOWN

Gives the Real Facts in Regard to
Her Case and Tells How She
Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need.

We urge you to try it.

FIFTEEN PUPILS WILL GRADUATE FROM STRONG'S COLLEGE WEDNESDAY EVENING

The annual graduation exercises of Strong's College of Music will be held at the Family theatre on Wednesday evening, and the program promises one of the most entertaining evenings of the summer for the graduates and an orchestra of 35 pieces have prepared selections which will find ready favor with the patrons of the school.

There are fifteen graduates this year from Mr. Strong's eighty pupils, and while he does not claim that any of his pupils have a complete musical education when they have finished his school, he does claim that their instruction is such that they are fitted for the larger musical institutions, just as a graduate from a high school is fitted for entrance to a university. The complete program for Wednesday evening's commencement exercises is:

TOOK EVIDENCE AGAINST THARVEY

The prosecution in the case of the State vs. Jas. Harvey, accused of assault and battery, started action today. Harvey, it is charged by the state, used unnecessary force in arresting Mrs. Gabina, a resident of the settlement near the cement plant who was brought to this city some time ago to answer charges of selling liquor without a license. Harvey is said to have treated her roughly. Today the state, represented by Atty. H. A. fense,

Brooks, presented the first evidence against the accused, and witnesses testified that he hit and pushed the woman while getting her to and into the automobile which brought the offenders to this city. Merrill, a companion of his it was stated presented a gun at the woman's husband. This was the extent of the action taken today and the case was continued one week because of the inability of a witness to appear before that time. Attorney John Devine appeared for the de-

TEACHERS LOWLY PAID.

Our school teachers are among the most lowly paid of the professions and it is no wonder that the National Education Association which is meeting in St. Paul has had considerable to say about teachers' salaries.

There is considerable truth in the statement of one of the speakers that the last thing which is considered by the average school board is what salaries the teachers are to be paid. Usually they take care of all other features of the budget and what is left goes to pay the teachers.

One speaker truly said: "Money making, politics, sports and picture shows are the things that interest the people. The instructor or teacher to the ordinary man is a mere book worm or crank. The rich man who employs a \$20,000 lawyer or a \$10,000 physician regards a \$150 professor as good enough to train his son."

The members of no other profession feel the high cost of living more than the teaching profession does. The demands for culture, improvement, travel and additional study have increased together with other living costs far more rapidly than have the teachers' salaries. The teacher who would keep up with the times must give a considerable part of the summer vacation to study, attendance at meetings and institutes and in travel.

Statistics were quoted by one of the delegates at the meeting showing that of the 30,000 teachers in Illinois, 22,000 are paid less than \$800, that 18,000 receive less than \$600, and 15,000 receive less than \$550. There are 500 teachers who receive less than \$400 and over 50 teachers who receive less than \$200 a year.—Galesburg Mail.

REASON FOR REPUBLICAN VOTES.

The New York Sun says the recent overwhelming Republican vote in Pennsylvania is due to the following Democratic acts:

"A tariff that has decreased exportations, increased importation of manufactured articles, a tariff for revenue that has produced a deficiency of revenues, the Democratic policy of muddle-and-mar, foreign and domestic; fool attacks on business here and an unintelligible grotesque shuffling, hamstringing spineless policy as to Mexico."

The revised tariff has been in force for more than seven months. The figures available show that since the beginning of October last, to the end of last month, exports decreased \$113,912,555, in comparison with the corresponding period in the previous year. At the same time imports increased \$23,625,493. As a result the trade balance for the seven months ended in April was less favorable by \$136,638,049, than for the same months in the previous year.

This is a very large shift, but its significance is made more impressive when it is noted that last month alone the alteration in the relation of imports and exports as compared with the April figures a year ago converted an export balance of \$53,890,849 to an import balance of \$10,271,872, a total change of \$56,162,721 adverse to the United States.—N. Y. Sun.

MORE INSANITY.

Two illuminating spectacles were offered in England yesterday. One was that of a woman lying on the floor of a court room, kicking at policemen. The other was that of a woman and a male creature trying to dynamite the cottage in which Robert Burns was born.

Both of these exhibitions were designed to prove that women are entitled to vote. They prove that a woman without her womanhood is no better than a man without his manhood. And the person who would wreck the birthplace of Robert Burns, the most democratic poet who ever vained upon this earth, is a fit candidate for the insane asylum. The horrible inconsistency of such an act of vandalism throws a brilliant light upon the militant suffragettes.

The women of Great Britain may be capable of assuming an equal share with men of the responsibilities of government. But the Fenris wolves who have broken forth to lead the militant movement are capable of nothing but wanton destruction.

There isn't a murderer or a thief so depraved that he would wittingly destroy the birthplace of Robert Burns.

The militants of England are troglodytes.—Clinton Herald.

BRYAN SEES THE LIGHT.

The Commoner has at last seen the handwriting on the wall and decided that he better "be" for woman's suffrage. He explains why he thinks the women ought to have the vote. His explanation is right, but why should a man who has brains enough to push himself into a position such as Bryan has be so long in discovering that there are so many good reasons why women should vote? Either Bryan knew it all the time but was waiting for the sturdy ones to "break the trail," or else he didn't know it, and if that is the case, almost everybody in the country has more brains than Bryan.

A CHARITABLE THOUGHT.

Zibe Landers, up Oregonward, publisher of the old reliable Ogle County Republican for some decades, suggests that there is nothing more to do now but erect the memorial monument at Armageddon and declare it a historical park reserve.

An exchange says that Governor Ferris of Michigan is not a candidate for re-election "because his wife won't let him," and adds that women seem to be getting more and more influential in politics. Governor Ferris was once a Dixon school teacher.

Queer Justice

BY WALT MASON

When Bully Boozer beats his wife, we put him in a cell; and there he leads a pleasant life, and likes it passing well. We fill his plate with wholesome fare, when rounds the dinner gong, and see that while he lingers there his life's a grand sweet song. We hand him magazines and books, and papers day by day, so he can loaf in cozy nooks and read the hours away. Sweet women call and hand him tracts, and cheer him up so well that he forgets the ugly facts which put him in his cell. Meanwhile his wife, with blackened eye, is tolling o'er a tub; she has to toil, with sob and sigh, to get the children grub. Her husband, sentenced by the court, earns money when he's free, and, though he is a yellow sport, he feeds his family. Because he filled himself with ale, and started household strife, we lock him in our cozy jail, and punish kids and wife. He has the rest he's long desired, with time to read and sleep, the while the woman, sick and tired, must work and watch and weep. Thus flows our justice in a rill—the kind we keep on tap; the innocent must pay the bill, while sinners have a snap.

INVESTIGATES WATER IN ROCK RIVER FOR EFFECTS OF SEWAGE

STATE WATER SURVEY STARTS WORK NEAR PECATONICA—TO FOLLOW STREAM.

MAY ENJOIN CITIES ON RIVER

River and Lakes Commission May Require Treatment of All Sewage.

E. F. Ferguson of Urbana, an engineer engaged in state water survey, has commenced an investigation at Pecatonica of the water of Rock River and all of its tributaries, to determine if the water of the streams are being polluted by raw sewage dumped into them.

The investigation, which will include the river at Dixon, is in line with similar examinations which have been made of other streams in the state, one of which resulted in the Rivers and Lakes Commission of the state ordering all cities on the Fox river, including Aurora and Elgin, to cease dumping sewage into that stream by Jan. 1, 1915.

Means New System.

In case Engineer Ferguson finds that the amount of sewage being dumped into the stream is polluting the waters, a similar order will undoubtedly be issued to the cities of Dixon, Sterling, Freeport, Rockford, Oregon, and all other towns along the river, and it will mean that these cities will have to take action for the sanitary disposition of their sewage.

Septic Tank System.

At Aurora it has been practically decided that the only way to obey the order is by the installation of a septic tank system, in which the sewage may be treated before it reaches the river. It has been undecided whether to bring all of the sewers together into one big septic tank or to construct smaller tanks at each outlet.

Tanks Built in Pairs.

The form of septic tank most in use at the present time is a large concrete basin built at the river's edge. At the bottom of each is a layer of gravel and charcoal through which the sewage seeps into the river. The charcoal purifies the water and the impurities are retained in the basin. The tanks are usually built in pairs so that one may be in operation while the other is being cleaned. When because of heavy rains or other causes the sewage becomes unusually large, both tanks may be used at once.

Jimmie's Conclusion.

Little folk frequently manifest unexpected powers of observation and analysis. Little Jimmie, for instance, was asked if a young lady whom he dearly loved was pretty. "She looks pretty to me," he announced, after a brief period of consideration, "but I don't s'pose she's really pretty. I notice Brother Ben don't sit by her side an awful lot when she comes here."

Heredity and Insanity.

Heredity accounts for about fifty per cent. of the cases of insanity. This is encouraging. It shows that the shocks and conditions of modern life do not make people insane; the strenuous life merely brings out the insanity that is latent in some persons as a result of heredity. A normal person cannot be driven insane by any of the conditions of modern life.

Gentle Eyed Seal.

Seals are still numerous and are disliked by Labrador fishermen. Dr. Grenfell says that he has known a seal to haunt a net so persistently that to get any fish the owner had to watch all the while at one end of it, and even then the seal would almost snap off the fisherman's hand as he raced to be first to disentangle the salmon.

Guard the Lips and Pen.

Speech is the chief revelation of the mind, the first visible form that it takes. As the thought, so the speech. To better one's life in the way of simplicity, one must set a watch on his lips and his pen. Let the word be as genuine as the thought, as artless, as valid; think justly, speak frankly.—Charles Wagner.

IRA W. LEWIS WILL FILL UNEXPIRED TERM

NAMED BY JUDGE FARRAND TO TAKE OFFICE OF W. B. McMAHAN.

HAS HAD MUCH EXPERIENCE TERM

Was Once Before Appointed to Fill Term—Elected Clerk in 1900.

Circuit Judge R. S. Farrand this morning, as is provided by the statutes of the state of Illinois, appointed Deputy Circuit Clerk Ira W. Lewis to succeed the late W. B. McMahan, whose death in Chicago on Tuesday night, rendered the office vacant. Under the laws it was necessary to appoint a successor as soon as possible, the three judges of the circuit having the appointive power. As the appointment is in Judge Farrand's county, his recommendation was concurred in by the other two jurists.

Mr. Lewis' appointment will meet with the approval of all who have business with the office. Co-incidentally, it is the second time he has been appointed to the office to fill the unexpired term of the incumbent. On Jan. 1, 1898, he was named to fill the term of Arvane S. Hyde and at the end of the term in December, 1900, he was elected to the office, continuing as circuit clerk until 1909, when Mr. McMahan was elected. Since that time he has been deputy clerk and because of his long experience in the office he has a thorough understanding of every detail of the business.

Will Hold Election.

Judge Farrand has also certified to Gov. Dunne that there is a vacancy in the office and that the vacancy has been temporarily filled by appointment, and it is believed that the governor will call for a special election for circuit clerk to be held in connection with the regular fall elections.

The history of Lee county shows that Mr. Lewis was circuit clerk from December 1, 1882, to December 7, 1896; and from Jan. 1, 1898, to Dec. 1, 1909.

PADDOCK TO PITCH AGAINST LIGHTNER

PITCHERS' BATTLE MAY BE EXPECTED AT LINCOLN PARK TOMORROW.

Paddock pitches for the Stars tomorrow, thus making that contest, which had already promised to be air-tight, absolutely waterproof. With Paddock and Lightner opposed to one another the indications are for one of the tightest games ever staged in this city. Without doubt Paddock and Lightner are two of the best pitchers this particular section of the state can boast, and tomorrow they appear with two exceptionally strong bunches of players behind them. The teams will line up: Stars—Paddock, p.; Heft, c.; J. Whitebread, 1b.; Emmert, 2b.; Keenan, 3b.; McNulty, ss.; Schrock, lf.; Larkins, cf.; Graver, rf. Brunswick—Lightner, p.; Lennon, c.; Kuhn, 1b.; Curran, 2b.; Duffy, 3b.; Hogan, ss.; Woodruff, lf.; R. Curran, cf.; Haley, rf.

MISSISSIPPI RAGING.

The Mississippi river is reported upon another rampage, being 12.7 feet above the low water mark at Clinton and at last reports was still rising. This is an unprecedented stage of water for the river at this time of the year and is caused by the recent heavy rains in the north. The rooms of the Clinton hotel are inundated and several other buildings are threatened with floods.

WILL NOT ALLOW ANY GAMBLING AT PANAMA

OFFICIALS STIRRED BY REPORT OF "SECOND MONTE CARLO" ON CANAL.

(Associated Press.)

Panama, July 18.—Officials of the government of Panama have had considerable amusement at the published reports in Europe and the United States of a proposal, originating in France, to make of Panama a rival of Monte Carlo. It is declared with much positiveness that such a scheme has never been thought of in Panama and that the establishment of a great gambling pavilion here would never be allowed.

According to Ernesto S. LeFevre, secretary for foreign affairs, no capitalists of any foreign country have ever approached the Panama government with the view of obtaining a concession of this character. He said it would not be possible for such a concession to be granted for the reason that constitutional barriers were unsurmountable.

On the other hand, Americans who have been long residents on the Isthmus declare that anything is possible in Panama.

A CENTRAL MEETING PLACE FOR SOCIETIES

MISS GEISENHEIMER WILL ARRANGE FOR CONVENIENT PARLORS IN NEW STORE.

Miss Anna L. Geisenheimer in her plans for the remodeling of her store building at the corner of First street and Galena avenue has made arrangements for a central meeting place for the social organizations of the city which will be greatly appreciated by the ladies who belong to such. For she has arranged to have the basement of the building converted into social parlors in which the different clubs may meet. Provisions will be made so hostesses can entertain even more conveniently than in the homes and it is believed that the central meeting place will prove exceptionally popular. Architect Downing of Chicago will design the parlors. The first meeting will be held there by the Phidian Art club on Oct. 6th.

UNION SERVICES SUNDAY EVENING

LAST OF COMMUNITY TWILIGHT SERVICES WILL OCCUR TOMORROW EVENING.

The last of the community twilight services will be held Sunday evening in the John Dixon park. The singing will begin at 7 o'clock. Nothing contributes more to a genuine and whole some community spirit than a community worshipping together. Behold how good and how pleasant it is for brethren to dwell together in unity.

The congregational singing led by a chorus of men's voices will be an important feature of the meeting. Mrs. Katherine Ballou will sing a special number entitled "Faith." Rev. S. E. Fisher, pastor of the Christian church, will speak on the subject, "Victory Through Defeat," and Rev. E. O. Bradshaw, pastor of the Baptist church, will speak on the subject, "A Banquet of Husks."

PARK BOARD GIVES RULES FOR TRAFFIC

AUTOMOBILES AND OTHER VEHICLES ARE ASSIGNED TO THEIR PLACES.

In caring for the great number of Dixon people who will attend the merchants' picnic next Thursday at Lowell park the park committee and the officials appointed by the Merchants' association face quite a problem. Of course it is a problem met and solved before, but in order to insure the success of all arrangements made by these capable bodies it will be necessary for the people to observe several rules laid down by them. These apply mainly to traffic regulations.

Transportation will be afforded by train, auto and boat. Those coming by auto must park their cars north of the spring house. The parking space will be along the waterfront some distance north of this place. Autos in approaching the park proper, must turn to the left at the last fork of the road, as no auto traffic will be allowed on the street south of that place.

All the park south of the well house will be needed to accommodate the crowds and it is for this reason that autos and rigs must stay in their proper places. Horses positively must not be tied to trees. The usual tying place for them at the back of the pavilion will be used and when this fills up no buggies will be allowed to turn south of the spring house but must tie at the posts at the northern boundaries of the park. No buggies or autos will be allowed to drive to the center of the grounds to unload their passengers; they must be landed north of the spring house. Buggies positively must not go up the south road which, while not dangerous, is steeply embanked and it is believed wiser for rigs to use the main road, although they may use the south road in coming down into the park.

There must be no picking of the flowers and ferns that so thickly adorn the park.

WILL GO TO EUROPE.

Lee Brien of this city and John Hewett of Oregon will leave Dixon on next Wednesday for an European trip of about two months' duration. They will sail Saturday from New York, landing at Londonderry, Ireland. Mr. Hewett's visit will be a surprise to his mother, whom he has not seen for 34 years.

FAMILY THEATRE.

This and tomorrow evenings will close the engagement of the Four Ednas, who present a program that is novel both in dress and which has pleased large crowds. Monahan, the ventriloquist, pleased both old and young with his act.

Pictures tonight are: Eve's Daughter, featuring Lillian Walter and Earle Williams. Sophie Falls a Good One. A Western Mother and Wife.

PRINCESS THEATRE.

On Monday night the Princess Theatre will show two two-reel features entitled "Out of the Shadows," a touching Thanhouser drama with Irving Cummings, Florence LaBadie and an all-star cast of players in a story of romance of the stage. Hesper Verne and his wife are stars in "The Duke of Carrington" and when his wife runs away with a millionaire and leaves her little daughter to his care, it left him helpless and cursed. As he grew older his little girl becomes one of the greatest actresses of the day, and in the end we see a reconciliation between his wife and his daughter. The other feature, "The Latent Spark," is a Domino feature in which a young man, reluctant to be a hero, is forced to become one. Don't miss these two fine features.

WOOLWORTH STORE WILL LOCATE HERE

LOCATOR FOR BIG CONCERN VISITED DIXON TODAY—OCCUPY ROSENTHAL BUILDING.

W. M. Smith, locator for the F. M. Woodworth chain of novelty stores throughout the country, was in Dixon today enroute to Colorado Springs for a short visit. While here, Mr. Smith looked over the Rosenthal building, which is now occupied by S. Rosenthal Sons clothing store, which store room will be occupied by one of the Woodworth stores as soon as alterations can be made following the removal of the clothing store to the new building now being erected by the Rosenthal interests.

WON'T SHAVE UNTIL STARS WIN ANOTHER

LARKINS WILL LET WHISKERS GROW UNTIL HIS TEAM COPS A GAME.

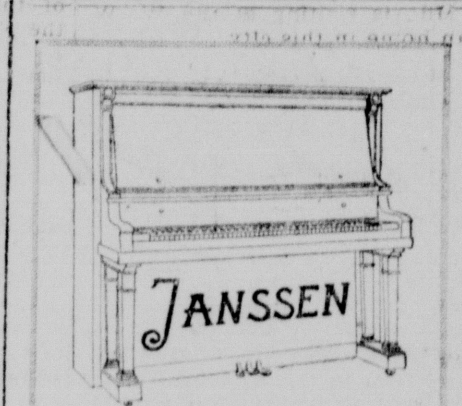

It is only occasionally that interest and loyalty to a team or cause will arouse a person to such a pitch as to make a freak bet. Election bets are common, but who ever heard of a City League freak wager? One came about this morning in the studio of M. M. Linds, the pool artist, as the boys waxed merry with the festive cue.

Larkins of the Stars had blown in on a business errand and was sporting a splendid week's growth of the best variety of tonsorial spinach, which called for a number of keen kidnings from the wits assembled. Among these was the remark made by Manager Valle of the Brunswick, whose team the Stars meet tomorrow, that Larkins should "starch the sprouters and use them for shingle nails." Thereupon Larkins declared that he would not do away with the alfalfa until the Stars won a game. Being very confident that the Stars would cop tomorrow with the aid of Paddock, he shook hands on the statement before the whole room, thus pledging himself never to shave until the Stars win another.

Larkin is confident of a session with the razor soon to come, but the Brunswick fans say that he will be stepping upon the accumulated growth of beard before that stellar organization are again victors.

This little incident only goes to show the closeness of the City league race and the general interest taken in the teams and their standings. The league race is a close affair, and every game the playing grows tighter and better. Sunday's game promises to be of especial interest because of the rivalry between the Stars and Brunswick which will reach its highest pitch tomorrow afternoon at 3 o'clock at Lincoln Park.

DIXON ASSEMBLY OPENS NEXT WEEK

(Continued from page 1)

How Time Passes!

Yes, how time passes! Why, it is no time at all since the Dixon Assembly was in full swing one year ago. It seems but as yesterday when one looks back upon the closing days of the Assembly a year ago. But one long year has passed. You hear people say, "When the Assembly is over it is soon time to prepare for the Thanksgiving dinner." Our grandparents used to tell us "That when the wind blew over the oat stubbles, it was time to prepare for winter." And so on goes the time.

From July 25 until Sunday night, August 9, Assembly park will be a busy place. The park will be one big field of activities. Just one day to rest after the Merchants' picnic at Lowell park, and then comes the grand opening of the Rock River Assembly, without doubt the leading Assembly in this section of the state.

Spend next week planning for the Assembly. Look up the lunch basket and arrange your list of "eats." If you have misplaced the lunch basket used last year, buy a new one the first of the week. Invite your friends to eat lunch with you at Assembly, and if you come early, you will be able to use the same bank on the beautiful river you and your party used one year ago.

One week from today at 1:45 p. m. the Rock River Assembly opens for the 27th time. Be present, all of you, to help swell the attendance on the opening day.

WAS MISERABLE COULDN'T STAND

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lackawanna, N. Y.—"After my first child was born I felt very miserable and could not stand on my feet. My sister-in-law wished me to try Lydia E. Pinkham's Vegetable Compound and my nerves became firm, appetite good, step elastic, and I lost that weak, tired feeling. That was six years ago and I have had three fine healthy children since. For female troubles I always take Lydia E. Pinkham's Vegetable Compound and it works like a charm. I do all my own work."—Mrs. A. F. KREMER, 1574 Electric Avenue, Lackawanna, N. Y.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials in the newspapers.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

GENERAL INSTRUCTIONS TO BIDDERS.

1. Notice is hereby given that sealed proposals for the construction of a state aid road in Lee county, said road known as section "A" on Route No. 5, will be received at the office of the State Highway Commission at Springfield, Illinois, until 11 o'clock a. m. July 28, 1914.

The commission reserves the right to reject any or all proposals.

Proposals may be sent by mail addressed as follows: "Proposal for construction of State Aid Road in Lee County, section 'A,' Route No. 5."

All proposals must be made on forms furnished by the State Highway Commission. All proposals otherwise submitted shall be rejected as irregular.

Only sealed bids will be considered. Location.

2. The location of the proposed work is on the public highway designated as section "A," Route No. 5, Lee county, as indicated on the county map, showing proposed state aid roads, on file in the county clerk's office and also on file at the office of the State Highway Commission.

Said section begins at or near a point about 20 rods southeast of "Shippers Corners" in section 20, Twp. 21, Range 10 east of the 4th p. m., and extends in a southeasterly direction for a distance of approximately 9000 feet.

Work To Be Done.

3. Detailed information of the work to be done may be had by an examination of the plans and specifications on file at the office of the county superintendent of highways and also at the office of the State Highway Commission, Springfield, Illinois.

A brief description of the work is as follows:

The proposed work includes approximately:

4060 cubic yards of excavation in earth.

7.5 cubic yards of reinforced concrete in culverts, bridges and walls.

79.3 cubic yards of plain concrete in culverts, bridges and walls.

12000 square yards of earth shoulders.

10000 square yards of concrete pavement.

8000 square yards of macadam shoulders.

together with all incidental drainage and other work, all as shown in detail on the plans and specifications herein referred to. It is understood that these estimates are approximate only and are to serve as descriptions only of the proposed work.

4. The engineer's estimate of the proposed work, exclusive of machinery and materials to be furnished by the state, is seventeen thousand and forty-five and no 100 dollars (\$17,045.00).

CARRANZA MUST RESPECT RIGHTS

U. S. May Be Compelled to Intervene in Mexico.

"GUADALUPE PLAN" CAN'T GO

Rebel Cry for Wholesale Slaying of Huertistas and Repudiating Obligations Made by Provisional Government Will Not Be Allowed in Practice—Huerta at Puerto Mexico.

Washington, July 18.—Wide differences of opinion between the administration at Washington and the constitutionalists camps as to what will constitute a proper procedure on the part of the latter when they come into full power and responsibility in Mexico are already developing. Upon the amenability of the constitutionalists to the suggestions from Washington will depend whether or not the United States finally will be obliged to intervene in the southern republic.

Firm Stand by United States. The loudly proclaimed intentions of the constitutionalists to rule Mexico by military decree alone, without a congress, to punish with death all those believed to have participated directly in the overthrow of Madero and his death and finally to repudiate all the acts and obligations of the Huerta government are the chief cause of the anxiety felt here since the retirement of President Huerta. It is now asserted by high administration officials that the United States must take a firm stand on these questions and compel the constitutionalists to modify their program or else face the alternative of intervention.

In a general way the attitude of the administration on these issues has, in the last few days, been presented to the constitutionalists. This has been done through the medium of Consul Silliman, who is with Carranza, Special Agent Carrothers, with Villa, and by personal interviews which Secretary Bryan has had with Charles A. Douglas, constitutionalist counselor in Washington, and with Jose Castellot, a new figure in the situation who appears as the representative of the newly installed President Carranza.

"Plan of Guadalupe." Carranza and his assistants are almost daily reiterating their determination to adhere to "the plan of Guadalupe." This plan or declaration is the basis for all the acts of vengeance and repudiation which figure in the program of the constitutionalists as outlined by Carranza and his associates and representatives. It is based on the declarations that Huerta was a traitor and a usurper who overthrew the righteous and legal Madero government and that all who participated in these acts are enemies of Mexico who must be punished, and that all acts growing out of the overthrow of Madero are illegal, and will not be recognized by the constitutionalists.

The general attitude of the United States in favor of a peaceful occupation of Mexico City, of amnesty to political offenders and respect for the rights of foreign property owners, and particularly for the rights of the Catholic clergy and their properties, already has been pointed out to Carranza and his associates.

Huerta at Puerto Mexico. Puerto Mexico, July 18.—General Victoriano Huerta, accompanied by Sir Lionel Carden and guarded by 2,500 of his faithful soldiers, arrived here after a leisurely journey from Tierra Blanca, in the state of Vera Cruz. Jamalea is Huerta's rumored destination.

Rebels Occupy San Luis Potosi. El Paso, Tex., July 18.—Guaymas and San Luis Potosi were occupied by the Carranza forces in Mexico, according to advices received in El Paso. The fall of San Luis Potosi leaves only Queretaro and Celaya as cities of importance to be taken by the constitutionalists before reaching Mexico City in the event that the campaign is to be carried on. However, the prospects are for the occupation of the City of Mexico without further fighting.

FAMILY SAVES BANK TELLER

Pays Back \$15,000 Appropriated From Danville First National.

Danville, Ill., July 18.—President Charles L. English of the First National bank admitted having discovered a shortage of \$15,000 in the funds of the bank attributed to Harry K. Shuttis, a teller. The amount has been made good by Shuttis' family, and Mr. English stated that if any prosecution is instituted it will not originate with the bank officials.

Beef Steers Toward Record.

Kansas City, July 18.—If August prices for corn-fatted steers are as much higher than the July level as they were in 1912, next month will see prime heaves bringing \$11 per 100 pounds in Kansas City.

Boy Falls Off Raft and Drowns. Evansville, Ind., July 18.—Roscoe Cates, aged fourteen, was drowned in the Ohio river here today when he fell off a raft of logs.

USEFUL ON THE FARM

BOBWHITE AND RUFFED GROUSE EAT MANY INSECTS.

Every Effort Should Be Made to Augment Number of Birds by Protecting Them From Enemies and by Providing Good Nests.

(By H. W. HENSHAW.) At the present time many kinds of useful birds need direct intervention in their behalf as never before. The encroachments of civilization on timbered tracts and the methods of modern intensive cultivation by destroying or restricting breeding grounds of birds, tend to diminish their ranks. The number of insect pests, on the other hand, is all the time increasing by leaps and bounds through importations from abroad and by migration from adjoining territories. Every effort, therefore, should be made to augment the numbers of our useful birds by protecting them from their enemies, by providing nest-

ing facilities, and by furnishing them food in times of stress, especially in winter.

Birds occupy a unique position among the enemies of insects, since their power of flight enables them at short notice to gather at points where there are abnormal insect outbreaks. An unusual abundance of grasshoppers, for instance, in a given locality soon attracts the birds from a wide area, and as a rule their visits cease only when there are no grasshoppers left. However unlike they may be in appearance, structure, and habits, all are similar in one respect—they possess a never-flagging appetite for insects and weed seeds. Two useful birds—quite unlike in appearance, but similar in that they benefit the farmer, are the bobwhite and ruffed grouse.

The former is known everywhere by the clear whistle that suggests its name. The bobwhite is loved by every dweller in the country and is better known to more hunters in the United States than any other game bird. It

is no less appreciated on the table than in the field, and in many states has unquestionably been hunted too closely. Fortunately it seems to be practicable to propagate the bird in captivity, and much is to be hoped for in this direction. Half the food of this quail consists of weed seeds, almost a fourth of grain and about a tenth of wild fruits. Although thus eating grain, the bird gets most of it from stubble.

The beautiful ruffed grouse is found in the northern two-thirds of the United States and in the forested parts of Canada. This, the famed drummer and finest game bird of the northern woods, is unusually wild and wary and under reasonable protection will withstand the attacks of hunters. Moreover, when reduced in numbers, it responds to protection in a gratifying manner and has proved to be well adapted to propagation under artificial conditions. Wild fruits and browse make up the bulk of the vegetable food of this species. The most important pests devoured by this bird are the potato beetle, clover-root weevil, the striped flea beetle, grape vine leaf beetle, May beetles, grasshoppers, cotton worms, army worms, cutworms, the red-humped apple worm, and saw-fly larvae.

While the economic record of the ruffed grouse is commendable, it does not call for more stringent protection than is necessary to maintain the species in reasonable numbers.

Feeding Goslings.

Goslings like cracked corn stirred up in skim milk, so do ducks. But if you have left ducks or goslings without water too long, don't feed them first, or give too much water. Let them drink a little, then take it from them for a while. Ducks especially will die quickly if deprived too long of water.

Potatoes Quarantined.

Effective August 1 comes a quarantine against potatoes from Maine, declared by the United States department of agriculture. On account of the prevalence of powdery scab in that state the federal government will now take charge of the work of preventing the spread of the disease.

IS SUCCESSFUL FARMER.

Mr. and Mrs. Philip Erbes and son Clarence and Rev. O. Lozier of Sublette motored to Dixon today to transact business, which, however, they also combined with pleasure, spending several hours in a trip about the city. Mr. Erbes is one of the most successful farmers in this vicinity. At present he is farming 400 acres of land and also has a stock farm on which he is raising 100 head of cattle and 200 head of hogs.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't stay gray! Sage Tea and Sulphur deters hair so naturally that nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

SULLIVAN REFILES PETITION

Blair Enters Race for Superintendent of Instruction.

Springfield, Ill., July 18.—A new petition of Roger C. Sullivan as a candidate for the Democratic nomination for United States senator was filed with the secretary of state. The document was brought to the secretary's office by J. M. Page of Jerseyville, downstate manager for Mr. Sullivan. Mr. Page made no explanation as to why a second petition was filed. The petition of Francis G. Blair as candidate for the Republican nomination for superintendent of public instruction was filed, it being the first petition for this office filed.

BRADY DENIES ONE CHARGE

Auditor Says He Didn't Refuse to Aid Bank Failure Investigators.

Springfield, Ill., July 18.—State Auditor Brady denied the report that he refused to furnish government investigators with documentary evidence bearing on the Lorimer bank failure. A clerk in the office informed the investigators that the auditor was out of the office for a few minutes, and he went to wait until his return. The investigators waited ten minutes and then departed for Litchfield. Brady returned soon afterwards and waited until 6 o'clock for the two to return, not knowing they had left the city.

FINAL SPECIAL ASSESSMENT
NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that the Board of Local Improvements of the City of Dixon, in the County of Lee and State of Illinois, caused to be filed in the County Court of said County of Lee on the 23rd day of June, A. D. 1914, a certificate showing the final cost of constructing vitrified brick or block pavement, cement concrete curbing, catch basins and adjusting manhole covers to grade on North Galena Avenue, in the City of Dixon, County of Lee and State of Illinois, from the north line of Fellows Street to the north line of the right of way of the Illinois Central Railroad Company constructed in said City of Dixon under and in pursuance of City of Dixon Local Improvement Ordinance No. 156, Series of 1913, and the amount estimated by said Board to be required to meet the accruing interest on bonds and vouchers issued to anticipate the collection of the assessment for said work.

That said certificate also shows that said work has been done and completed by the contractor doing the work in substantial conformity to the requirements of said ordinance and has been duly accepted by said Board.

That the final cost of said improvement and the amount estimated for interest as shown by said certificate are as follows:

7230.2 square yards of vitrified brick or block pavement with asphalt filler at one and six hundred forty-five (1,645) dollars per square yard	\$11893.68
492.7 linear feet of cement concrete curbing at thirty (30) cents per linear foot	147.81
6 catch basins at twenty-eight (28) dollars each	168.00
manhole covers adjusted to grade at one (1) dollar each	4.00

Total cost of work . . . \$12213.49
Lawful expense . . . 785.06

Total cost of improvement . . . \$12998.55
Additional sum to cover lapsing interest on bonds . . . 389.45

\$13388.00

That said court enter an order that the final hearing on said certificate of final cost and any objections that may have been filed therein would be held before the said court in the County Court Room in the Court House in Dixon in said Lee County, Illinois, at nine o'clock in the forenoon on Monday, the 13th day of July, A. D. 1914, or as soon thereafter as the business of the court will permit; that on said 13th day of July, A. D. 1914, at nine o'clock in the forenoon, at said time and place, said court entered an order that said matter be continued to the third day of August, A. D. 1914, at nine o'clock a. m.

Notice is hereby further given that the final hearing in said matter will be held before the said court in the County Court Room in the Court House in Dixon, in said Lee County, Illinois, at nine o'clock in the forenoon on the 3rd day of August, A. D. 1914, or as soon thereafter as the business of the said court will permit.

Any persons interested may file objections before the time set for hearing and appear and show cause why said petition shall not be taken as true.

Dated July 13th, A. D. 1914.

IMPORTANCE OF
HEALTHY KIDNEYS

Dixon Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine, too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy that has been used in kidney troubles 50 years. You will make no mistake in following this Dixon citizen's advice.

Miss Delia McGrail, 503 College Ave., Dixon, says: "I do not hesitate to publicly endorse Doan's Kidney Pills, for I found them to be just as good as represented. My kidneys were out of order and I had pains through my back and sides. I heard about Doan's Kidney Pills and used them. They gave me a permanent cure."

Miss McGrail is only one of many Dixon people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask definitely for Doan's Kidney Pills, the same that Miss McGrail had—the remedy backed by home testimony, 50c, all Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

"SAME OLD BILL"
LEADING 'EM ALL

Even Roosevelt Second in Some Straw Votes.

SULZER LOOMS FOR GOVERNOR

Election to Assembly as Progressive Gives Him Party Standing—Moosers Fail to Appease Him With Congress Nomination—Says Roosevelt Plays in Murphy's Hands.

New York, July 18.—The byllie plan of the Progressives to permit Wm. Sulzer to go back to congress from his old district and thus keep him from running for governor and cutting into the independent vote has been shattered by Mr. Sulzer himself. He not only said that he wouldn't return to congress for anybody, but that he was going to throw himself into the Progressive primaries as a candidate for governor and "no power on earth" could stop him. Moreover, he predicted that either he or the Republican nominee would be elected. Roosevelt for Murphy, Says Sulzer. Last Saturday Mr. Sulzer said he wouldn't run for governor if Colonel Roosevelt did. Their friendship was too close to permit of anything like that. Now Mr. Sulzer has changed his mind.

"Colonel Roosevelt's attitude," he states, "shows that he is playing into the hands of Chas. F. Murphy."

As Mr. Sulzer, after his removal from the governorship, was elected to the assembly by the Progressives he has some standing with voters of that party, although the leaders will have nothing to do with him and are listening with anguish to the reports of their own upstate polls which indicate that the "Same Old Bill" is second only to the colonel among straw voters, and in some districts stands first.

NEW HAVEN WILL STAND PAT

Decide Not to Sell Holdings of Boston and Maine to Bay State.

New York, July 17.—By unanimous vote the directors of the New York, New Haven and Hartford railroad company at a special meeting decided to stand by their decision not to sell to the state of Massachusetts their holdings of Boston and Maine railroad stock under the terms imposed by that state.

It had been understood that Attorney General McReynolds recently told the New Haven management that a failure to accept the terms on the Boston and Maine stock sale imposed by Massachusetts would drive the department to the filing of an anti-trust suit.

BRIDE OF 7 DAYS MURDERED

Police Seek Cousin of Stain Iowa Girl Aged Seventeen.

Dubuque, Ia., July 18.—Mrs. John Allen, aged seventeen, and seven days' a bride, has been murdered. The police and relatives of the young woman are searching for George Delain, her cousin, who is said to have paid her attention before her marriage. Bloodhounds have been sent to the scene of the crime.

POSTPONES REVIEW
TO INFLUENCE PEACE

KING GEORGE WILL LEAD INFLUENCE IN IRISH HOME RULE CONTROVERSY.

(Associated Press.)
London, July 18.—King George's morning postponed until later in the day or until tomorrow his proposed visit to Spithead, where he is to review almost the entire British navy of 400 craft of all types.

The visit was postponed in order that His Excellency can be in London to receive reports on developments in the conferences of the party leaders in the Irish Home Rule Question.

It is understood that when the opportune moment arrives the king will throw his influence toward the side looking for an amicable settlement of the question. The Liverpool Post, a government organ, says the settlement of the Irish question has been arranged and that only minor details have yet to be adjusted.

AUTO TIPPED OVER LAST NIGHT

Shortly after midnight last evening an automobile driven by a party of tourists, who evidently had been speeding, overturned on the Sterling road near Central park. None of the five occupants of the machine were injured and they succeeded in righting the car and starting the motor. There were two men and three women in the car and their names could not be learned. Fortunately they were all thrown clear of the auto and sustained only slight cuts and bruises.

FACTORY TAKES McCARTY'S AUTO

D. J. Willoughby of Chicago, a representative of the Chicago branch of the Studebaker corporation, was here yesterday on business with G. C. McCarty. Mr. Willoughby inspected the car recently damaged in the auto accident on the Sterling road and was of the opinion that the happening was due to faulty construction and so ordered the car shipped to the factory at Detroit, where it will be entirely overhauled. He stated that the smashup was due to hitting a boulder in the road, weakening the wheel which caused the party to be precipitated into the ditch.

WARNS MEN TO SEE
THAT ALL IS WELL

THE TIMELY SUGGESTION IS "PUT YOUR HOUSE IN ORDER" WHILE HEALTH LASTS.

EVERY ONE SHOULD MAKE WILL

Writer Warns Every Man and Woman to Dispose of Property by the Making of a Will.

Lewis Edwin Thers, in the Pictorial Review, warns every man and woman to make a will. Here are his reasons:

If you chance to be a business man of average prosperity, one who owns a little real estate, has some personal wealth and some money in the bank, I can almost hear you reply: "Everything will be all right. I have real estate and bonds and money. My wife would not suffer." And if you are the wife of such a man I can almost hear you say: "Everything will be all right. My husband is comfortably situated. I should not suffer." But do you know of a fact that everything will be all right and that there would be no suffering?

Let me tell you the story of a man who died unexpectedly. He owned real estate and personal property, had a bank account and carried insurance. He thought his wife well provided for. So did she until she tried to get some of her husband's money. Then the bank teller and the insurance agent both said, "Sorry, madam, but we cannot pay you any money until you have had an administrator appointed." Then the widow tried to collect a second insurance policy payable to her. It was six months before she got a cent. Meanwhile the worry over the situation almost prostrated her. To be sure, an administrator would have had to be appointed even if her husband had made a will, but if the will had named an executor the legal formalities would have been attended to promptly. There would have been no embarrassment. As it was, the ignorant widow knew not what steps to take. She was simply dazed, as many another woman has been, for to the untrained feminine mind legal proceedings of any kind usually hold terrors.

All the while the tradesmen were pressing this poor woman, and, though they could not sue her for at least a year, they harassed her sorely. She did not know that the law thus protected her.

For weeks she lived a life of financial distress, even falling into the clutches of a loan shark—all because her husband, who thought everything would be all right after his death, had not made sure that everything would be as he wanted it. He had not, like Ahiathophel of old, put his house in order.

Now in order to put your house in order, to make sure that things will go as you desire after death, there are numerous things that must be done. And inasmuch as the present is the only time of which you are certain, the time to do these things is now. If you have not already done them, do them now, while you have mental strength and power and the time to plan wisely and to make sure that your plans will be carried out after your death. Delay is dangerous. At the last moment you may forget or you may do it ineffectually—or you may not do it at all. So do it now. Make a will.

Along this same line let us suggest that in writing your will make provision in it for the upkeep of your last resting place in the cemetery. Nearly every cemetery is now under excellent management and a sum of money, \$50 or \$100, left to the cemetery association, will produce interest sufficient to care for a cemetery lot for all time. Your children may be the best children on earth—but we know of hundreds of cemetery lots that are neglected—in many cases because the relatives wait for one another to assume the responsibility. The wise man or woman will make their own provision in such matters and be sure it will be taken care of. This is a greivous subject to dwell upon—but it is a condition we've got to meet—sooner or later, we know not.

SHAMROCK STARTS FOR U. S.

(Associated Press.)
Portsmouth Eng., July 18.—Shamrock IV, Sir Thomas Lipton's challenger for America's cup, under the convoy of the steam yacht Erin sailed for Falmouth today, from which port she will start for the United States to meet the American cup defender. Sir Thomas was aboard the Erin and was given a rousing send-off by the British fleet.

A box of Heale would indeed be a great addition to every lady's toilet during the hot summer days. You will find it at Sullivan's drug store.
